Bear Mountain Bridge and the Hudson River

The Story of Sleepy Hollow

Sunnyside, Washington Irving's home in Sleepy Hollow.

Sleepy Hollow is the birthplace of author Washington Irving, the author famous for penning many famous short stories such as "Rip Van Winkle" and "The Legend of Sleepy Hollow."

Many of Irving's stories took place in the Hudson River area, mostly the Catskill Mountains.

"The Legend of Sleepy Hollow" follows the tale of Ichabod Crane and his flight from the Headless Horseman.

American Cruise Lines will take you to visit Washington's summer home, Sunnyside, and explore the town that inspired his wonderful tales.
